

TLC6000 Accent Light

Long Lasting - Rugged - Compact

The TLC Series, available in three sizes, offers a choice of light sources, power distribution systems and accessories to create impressive and effective landscape lighting designs. The rugged, heavy-duty construction of the TLC Series ensures long-lasting, low maintenance operation, even in harsh coastal environments.

The TLC6000 Series accent lights are small, rugged fixtures used to illuminate a wide variety of small to medium sized landscape and architectural elements. They are the mid-size members of the TLC Series designed for sources up to 100 watt PAR/R30. The TLC Series also includes the TLC5000 sized for MR16 and PAR/R20 lamps and the TLC7000 sized for PAR38 and E17 lamps.

Specifications

Housing:

One-piece injection molded Ryton® PPS with stainless steel fasteners and fully adjustable swivel arm with vibration-proof locking teeth. Shield for glare control included.

Lens:

Tempered glass, part of glare shield (included). When fixture is aimed straight up, lens is at 10° tilt which promotes self cleaning.

Lamps:

100 watt maximum PAR/R30 incandescent, 50 maximum MR16 quartz with integral transformer, 75 watt maximum MR16 quartz low voltage, and 70 watt maximum PAR/R30 metal halide.

Gaskets:

High temperature silicone.

Sockets:

Glazed porcelain.

Wiring:

Low voltage fixtures include a 3' pigtail and a quick connector for easy hook-up to the supply cable. Incandescent and HID fixtures are wired with high temperature #18 AWG..

Finish:

Color impregnated material. Standard finishes include dark bronze, black and verde.

Warranty:

Ten year limited warranty on composite fixture. Three year limited warranty on ballast.

Certification:

ETL Listed to U.S. and Canadian safety standards for wet locations.

Accessories:

(Must Be Ordered Separately and Field Installed)

BML3:

Honeycomb louver.
